GALESBURG SENIOR HIGH SCHOOL, GALESBURG, ILLINOIS

NOVEMBER 26, 1958

COLLEGE NIGHT WEDNESDAY

Counselors To Talk To GHS Students

The night of December 3 will be College Night at Galesburg Senior High School. At that time GHS students will have an opportunity to discuss college plans with representatives from the more than 30 colleges and universities in this vicinity. It is hoped that through these discussions students may gain a more thorough understanding of campus life and the costs and problems of a college education.

The program will begin at 7:15 p. m. with an assembly in the high school auditorium. Here, speeches will be delivered by Mr. Vernon Broadhead, principal of GHS, and Miss Vicky Strand, student chairman of College Night.

After this meeting the students will be able to meet the various college counselors about their particular school. Here are the schools, representatives and the rooms in which they will be located:

Room 100, Herbert L. Glynn, Augustana College; Room 142, John Grebs, Bradley University; 223, H. H. Head, Brown's Business College; 101, Alan Anderson, Carthage College; 102, Melvin J. Collins, Coe College; 103, Leon Smith, Cornell College; 104, Justin Brown, Drake University; Auditorium, Harold Patterson, Eureka College; 126, Waustella Dooley, Galesburg School of Beauty Culture; 113, Dr. La Verne Dallage, Illinois State Normal University; 120, Harold Thompson, Illinois Wesleyan University; 125, Gil Gorretson, Iowa Wesleyan College; 111, Ivan Harlan, Knox College; 141, W. B. Gray, Millikin University; 112, Victor Atchison, Monmouth College; 143, North Central College; 240, Ernest Hanson, Northern Illinois University; 241, Oscar Olson, North Park College; 140, Robert Hubbell, Northwestern University; 242, Ted Dillow, Parsons College; 243, Jack Winke, St. Ambrose College; Library, John Barnes, University of Illinois; 105, Western Illinois University; Auditorium, John Harstick, Wheaton College; Auditorium, Rev. Francis Gray, Quincy College.

Besides these, several nursing schools will be represented. They are: Augustana of Chicago, 200; Cottage of Galesburg, 210; Evanston, 212; Lutheran of Moline, 214; Methodist of Peoria, 215; Silver Cross of Joliet, 220; St. Francis of Kewanee, 225; and St. Francis of Peoria, 226.

A Cappella Choir Makes Xmas Plans

A Cappella Choir members have set the date for their Christmas party. In the past years the choir has gone Christmas caroling and then returned to the home of one of the members.

On December 17 the home of Ed Hill will be surrounded by those students whom you have seen in various programs. The singing was directed by Roland Hegg, director of the choir.

Much work is being spent on Christmas music at present. "Ivy and Holly," "Alleluia," "Silent Night," "While Shepherds Watched," "Fum, Fum, Fum," "Fanfare for Christmas Day," "Carol of the Bells," and "The Song of Christmas," are some of the Christmas selections.

Science Exams To Be Offered

For the first time in many years, Galesburg High School students will be given an opportunity to participate in the Westinghouse scholarship examinations.

Through this program students may be able to gain college scholarships up to \$2800. In addition, winners are given an all expenses paid trip to Washington, D. C. where they will meet President Eisenhower and other celebrities.

To win these awards, students must take a competitive science test as well as be doing work on some type of science project. Scholastic records and teacher evaluations are other criteria used in judging the contestants.

In preparing for College Night the student program committee was headed by Vicky Strand, while Marlene Hanson was in charge of the invitations committee.

Shown above is one of the acts from the 1958 Reflectavue. The production, which was strictly a variety show, attracted the largest Reflectavue audience in years.

Reflectavue Is Given; Show Is A Success

The Galesburg High School Publications presented the Reflectavue of '58 November 20, 21, and 22. This year's presentation consisted of variety acts. Song, dance and comedy provided for most of the entertainment.

Opening the show is the number, "Hi Neighbor" done by the mixed chorus. Those included are: Maurice Baker, Ann Black, Judy Buck, Sheryl Conard, Cherry Cross, Ed Crowell, Sally Damberg, John Gardner, Marlene Hanson, Jim Hechler, Jerry Herrin, Linda Anderson, Rosie Beckham, Kay Bradley, Cynthia Brown, Sharolyn Bryant, Sandra Cannon, Mary Ann Eck, Onalee Gensini, Joyce Glass, Jean Grant, Ronnie Burquin, Fred Hill, Helen Holmes, Fred Jahr, Sherri Jackson, Jerry Johnson, Nora Johnson, Susan Lass, Leah Mallin, Owen Muelder, John Price, Willie Ruth Roberson, Sylvia Sanford, Glen Hedenberg, Carolyn Houlihan, Wendell Hull, Sarah Jameson, Judy Jenkins, Terrill Johnson, Virginia Kobusch, Vic Lindberg, Larry Murdock, Jim Paul, Marsha Payton, Gene Newbill, David Stevens, Ron Schoning, Lou

E. Schumann, David Shotts, Sandy Smith, Mike Wald, Mildred Waltham, Dorilee Walworth, Richard Zeaske, Janet Read, Mary Schimmel, Jerry Schafer, Ross Stribling, Terry Sutton, Alan Suydam, Margie Swanson, Ann Weaver, Dorothy Yates, Richard Sults, Dave Weaver and Tom Williams.

There was a chorus line towards the latter part of the number in which Patty White, Ann McKenzie, Susan Lass, Sandy Morrison, Sharon Sage, Linda Gunther, Mary Ellen Urban, Suzanne Johnson, Casey Clark, Adele Lauver, Diann Anderson, and Mary Dodge took part.

A solo, "Love Thy Neighbor" sang by Jerry Johnson came next with an accompanying solo tap dance by Marlene Hanson to the same song.

"Carolina in the Morning," was sung by the trio of Mike Wald, Owen Muelder and Jerry Johnson. This, the third number, was quite a humorous rendition.

The comedy team of Dixie Beghtol and Linda Lyons then presented "On the Desert" with stick camels. This was followed by Ruth Ann Miller,

Cherry Cross, Marlene Hanson, Kathy Gilmore, Barb Harpman, and Carolyn Higgins, presenting acrobatics and dance in "Polynesian Rock 'n Roll."

An exhibition by the Silver Chords: Mike Wald, John Gardner, Bob Stauffer, Jerry Johnson, Jim Sward, Ronnie Litvin, Leonard Shane, Don Rosine and Bill Taggardt, who supplied the music for the night, followed.

The finale, a mixed chorus singing "Bye Neighbor," closed the show.

The production staff consisted of Charles E. Krause, director and technical director; Elizabeth Graffouliere, dance director; Roland O. Hegg, musical director; Wayne McCormick, business and concessions; Maurice Beck, ushers; William Hines, tickets; and Betty Gage, student director.

Accompanist for the night was Leah Mallin. The rest of the student staff were: Skip Augustson, lighting; Richard Reno, stage; Lynda Herron, make-up; Dave Dickerson, publicity, and Frances Dahlberg, tickets.

Above are the four varsity debaters at Galesburg High School. They have a 6-2 record for the year and are hoping to improve upon this at the Geneseo Invitational Tournament.

Debate Squad Is Preparing For Geneseo

Debate Club at GHS has planned a very busy and exciting year for its members.

Coming Events

Their coming activities include a very interesting debate at Geneseo, Illinois, December 6, where 12 different high schools will take part. Galesburg will be entering both their Varsity and Sub-Varsity teams this year.

Another interesting trip will be to Normal, Illinois, December 13 for a debate and discussion. Both teams will be entered there also.

Varsity Members

Members of the Varsity team are: Mike Wald, Leonard Shane, Bill Holmes and Mike Vitale.

Members of the Sub-Varsity team are: Tony Barash, Ron Litvin, Dave Peterson, Lowell Peterson, Sandy Epperson, Marge Rudman, Alan Gummerson and Barb Swensrud.

Their past events have been a tournament November 8 at Washington, Illinois, where 12 schools were entered. Although Galesburg didn't receive first place they returned home with a third place rating.

Another interesting event was the talk from Dr. Bell, Superintendent of Schools and Mr. David Reed. They presented the class with a speech and discussion period on education.

Sixteen seniors, sixteen juniors and three sophomores are listed on the Galesburg roster for 1958. The heaviest man on the crew is Terry Sutton, who is the regular middle-guard. Sutton tips the scale at 215 pounds. Carl Henderson is the lightest man on the squad at 135 pounds.

Quill And Scroll Clubs Are Making Maps Year's Plans Xmas Displays

Quill and Scroll has planned a very busy year. Meetings for this organization are held every second Thursday of each month. The highlight of the year is the formal induction of the new members which takes place later on in the year.

In order to become a member of this highly honored organization one must have a year's work on one of the Publication's staff behind them. Also one must maintain a "B" average throughout the year and be recommended by the sponsor. This is something toward which all active publications members are striving.

This organization had its beginning at GHS in 1945. However it originated nationally many years before.

Toward the end of the school year Quill and Scroll customarily sponsors the Publications banquet and such will be the procedure this year. Frances Dahlberg will be the general chairman of the banquet which will be held sometime in mid-March. Dave Dickerson will handle the decorating while Bill Hollis is in charge of the invitations. Plans are now in progress.

At this annual affair awards and "thanks" are given out. The program usually consists of a guest speaker and various skits and speeches by the students and editors. Last year they had a very fine speaker who talked on the future and importance of Journalism.

When basketball season starts Pep Club will be selling shakers at the game. They will sell for 15 cents apiece.

Busily preparing floats for the Christmas parade are Student Council, Future Homemakers, Latin Club and Publications.

Sponsored by C. of C.

These floats, sponsored by the Galesburg Chamber of Commerce, will be displayed on November 29. A number of Galesburg merchants have donated money in order that these floats may be built.

Student Council, which has the theme "Frosty and Rudolph" are building their float in the Puckett Buick garage. Barb Harpman is the general chairman. The merchants sponsoring this are: Kline's, Jaspersen-Palmgren, and DeForest.

"Here We Come A Caroling" is the motto for the Publications float. Jerry Herron is the chairman and they are working at the Central fire station. Nyman's and Leath's have donated the funds.

Ledbetter - Yarde, Chairmen
Patsy Ledbetter and Shirley Yarde are the cochairmen for the Latin Club's entry. Their float "Candyland" is being built at Litvin's garage. Osco's is backing this one.

The slogan for the FHA float is "Not a Creature Was Stirring Not Even a Mouse." They are constructing theirs at Puckett Buick garage. The chairmen of this are Carey Jordan, Diana Staff, and Bev Wyckoff. Maurita Dale, Ted Grothe, Walgreen's and The Continental are entering this one.

FHA Is Working On Many Projects

Many interesting activities are under way for the Future Homemakers of America. The girls are working on a float for the Christmas parade November 29. Monday, November 17, our FHA entertained the executive council of seven other FHA organizations in Knox county. At the present time, a survey is being conducted in all of Illinois by the future homemakers to determine the public reactions to FHA.

Science Fair Projects

Just completed are several projects for the Science Fair last week at the Armory. One very outstanding one is a family tree of FHA which was made by Dottie Yates. It is constructed on poster board in red and white. She has traced the FHA chapters from the national FHA to the local chapter. A program was presented November 13 over WGIL with Miss Ruth Schwartz, the FHA sponsor, discussing this family tree.

November 17 was a meeting of the FHA executive council in Knox County with Galesburg as host. The executive council includes all the officers from each of the FHA groups in the county. The program was designed to participate in and consider recreation and games of both the quiet nature and the more active type. Kay Melton was in charge of the meeting and refreshments.

All the girls are working hard on the FHA float to be in the Christmas parade in co-operation with the Galesburg merchants. There are several rules which the float must meet, so it is requiring a lot of work and time. Beverly Wyckoff and Carey Jordan are co-chairmen. The group is using "Not a Creature Was Stirring, Not Even a Mouse," as their theme. Their display centers around three mice who are getting ready for Christmas. The merchants sponsoring the FHA float are Walgreen Drug Store, Ted Grothe Shoe Store, Maurita Dale Shop and Continental Clothing Company.

Galesburg Chapter Selected
Galesburg FHA Chapter was selected by the State Department of Home Economics as one of ten chapters in the state of Illinois to get opinions of school and community persons as to what they know and think about FHA. The results will be tabulated, first locally, and then throughout the whole state. The nine other

er chapters which have been chosen are: Alton Sr., Carbon-dale, Forreston, Warren, Stonington, Glenwood, Bethany, Kewanee Wethersfield, and Jamaica. On the committee to conduct the survey are: Carey Jordan, Blanche Elam, Becky Murk, Pat Wilson, Carol Anderson and Nancy Reynolds.

Christmas Open House

Much of the work for the next few weeks will be toward Christmas Open House December 9. This will be a big event for the FHA. All the girls, their parents, the faculty and anyone else interested are invited to come. Also the girls are working toward a program which is to be presented at the Mission Covenant Church December 2. Blanche Elam is in charge, and the topic will be "A House Is a Home."

School Teacher Talks To FTA

At the last Future Teachers meeting the guest speaker was Miss Richardson, a first grade teacher from Silas Willard.

Miss Richardson told of many of her experiences while teaching. She stated that teaching was a difficult profession that required a lot of patience and understanding. A teacher must love children and possess a good sense of humor. Nevertheless the rewards are many and well worth while.

Interesting Activities

Besides engaging in money-raising projects, the FTA also participates in other interesting activities. Each winter, for example, a workshop for future teachers is held at Macomb, Illinois, where ideas are exchanged among the various groups present concerning the work of their respective organizations. Then in the spring, the annual potluck is held which includes several chapters of FTA's from surrounding Galesburg communities. Also, each senior member is eligible for a day of practice teaching at any school of her choice.

Students Hear Adventure Story

Around the world in eighteen months? That was the statement made by B. Carmical better known to us as Mike Sumner. This was the assembly called The Adventurous Yankee, which was held for the student body on November 10. The Yankee, a boat, was the home of Mr. Sumner and twenty-two other passengers for a year and a half. The lights were dimmed while Mr. Sumner began an interesting and informative talk which was accompanied by a color movie.

In his talk he told some of his many adventures while on the Yankee. During this long voyage, he said he began to think of the boat as his second home. Since this was the home of twenty-three people, they wanted to keep it looking as nice as possible. Every day it was necessary to scrape the entire boat. The boat was iron and each salt spray corroded it a little more.

Visited Many Places

Being an adventuresome crew, they visited many places never before seen by white men. Among the many islands they visited was the tiny island of Pitcairn. It was on this island many years ago that Fletcher Christian and the crew of the Bounty cut themselves off from the rest of civilization. Some skin divers of the Yankee uncovered the ancient anchor of the Bounty.

Traveling still westward, they arrived upon an island of firewalkers and rock-and-roll hula dancers. This was especially enjoyable to the audience.

Mr. Sumner left an appreciative audience of envious behind as he concluded The Adventurous Yankee.

GSL Holds Annual Induction Fete

On Friday, November 7, the Girls' Service League held an induction for all of the new members. After the mothers, who were the special guests of GSL, and the old members were seated, the solemn procession of new members entered the auditorium by twos. They were accompanied to the music of "Largo," which was played by the organist, Leah Mallin. In unison all were seated and the program then began promptly.

Students Participated

Diane Anderson recited the poem, "The Ways." Ivy Wilder read the 123rd Psalm while Mary Schimmel told the significance of the Girls' Service League emblem which hung impressively behind the speakers. The four ideals of GSL, Clean Scholarship, Clean Speech, Clean Sportsmanship, and Clean Living, were depicted by the following girls: Helen Holmes, who spoke on Clean Scholarship; Suzanne Johnson, who gave a talk on Clean Speech; Clean Sportsmanship was portrayed by Leslie Wood; and Linda Gunther spoke on Clean Liv-

ing. Donna Yeager gave a speech which was entitled "Light."

Musical Selections

During the program musical selections were offered by the Girls' Glee Club and Peggy Hammond. Peggy sang "I Would Be True," while the Girls' Glee Club, which was under the direction of Mr. Roland Hegg, sang two beautiful songs.

Next in the program was the candlelighting ceremony in which both cabinet members and the new GSL members participated. Then Judy Buck led the cabinet members in a pledge. After this all the new members were led in their pledge by Barbara Harpman. The pledge of affirmation, which was taken by all of the old members, was led by Ann McKenzie. The entire induction program was conducted in a very impressive and serious mood, which all cooperated to make. A program similar to this one is held every year for the incoming members of GSL.

Group Pictures To Be Taken

Once again group pictures are being taken for the REFLECTOR. The pictures are of the various activities around Galesburg High. Mr. Aitchison is in charge of taking the pictures. The photographers, boys which do all the photographing of the activities, are pretty busy. The pictures will later appear in the REFLECTOR and are of the activities at High School and all their members. Trying to photograph all of Galesburg High school activities is quite a job. All of the activities will appear in the yearbook. If you're in Science Club, Pep Club, Spanish Club, or if you are a reporter for the BUDGET, their members will appear in the group pictures for the REFLECTOR. All of the pictures will be taken in a very few days.

The newest member of the Galesburg coaching staff is Ted Mullen. Mullen replaced Jim Beales as assistant sophomore football coach, and varsity wrestling coach. Mr. Mullen is credited with having a lot to do with the success of the Pony squad this year, and is supposed to be a very fine wrestling coach.

Youths Attend District Meeting

The twenty-third annual convention of the Pekin District Illinois Association of Student Councils was held at the United Township High School of East Moline on November 8, 1958.

Approximately 500 students from over 100 high schools attended the meeting. Nine students, accompanied by Mr. Goodwin, attended from the Galesburg High school. They were Susan Lass, Fred Foster, Milo Johnson, Sharon Swanson, Bill Brown, Linda Black, Ann McKenzie, Richard Fox, and Jean Grant.

Five Sessions

The entire meeting consisted of five sessions. The theme was "Student Council, Free-way to..." One of our delegates, Ann McKenzie, served on the Credentials Committee, which is one of the district committees.

Next year, Quincy High school will be host to the convention.

CIVIC MUSIC

An exciting performance opened the season of Civic Music on November 6 at the George Churchill auditorium. An exhibition given by The Gay Tyroliers brought a large crowd.

Everything Toni Praxmair and his 15 singers and dancers do seems as if they had just decided to try it and weren't sure just how it would turn out.

All of the 16 singers and dancers are village people of Kitzbuhel, Austria, and are showing off the colorful folkways of the Tyrol in their mu-

Projects Shown In Local Fair

American Education Week which was November 9-November 15, is an annual event sponsored by the United States Office of Education and several non-government groups.

Galesburg observed American Education Week by sponsoring an "Educational Fair" at the Armory. Many of the departments at GHS sent exhibits of different natures to be observed by the interested educators.

Language department sent an interesting exhibit consisting of projects made by the students. There were also students there to answer the many questions of the public. In the English line, there were themes showing the progress of individual students from year to year. Book reviews were also on exhibit.

One of the exhibits that seemed to interest the students was a movie shown of last year's gym classes. It was designed to show the public the many types of activities in which the students participate in gym class. Also at this exhibit were safety posters made by the students.

Many other departments sent interesting exhibits which required lots of time and work. There were movies, posters, pictures, and work of the students.

GHS Band and A Cappella Choir brought a big crowd as they performed to bring the "fair" to an end each evening. The theme was carried out as planned. It was "Report Card U. S. A." to see just what kind of a "report card" the Educational System should receive for its progress.

College Entrance Exams Scheduled For December 6

Saturday, December 6, will be the first chance for students to take the College Entrance Examinations. These tests are given in the morning at the nearest testing center, Knox College.

College Boards are required by many colleges and universities before a student may be granted admittance to that school. The general tests cover mathematics and English reading and usage. In the afternoon achievement tests are given, which include material on one particular subject,

such as foreign languages, sciences, and intermediate and advanced mathematics. Most schools specify that a student must take three achievement tests.

For those who are unable to take the December exams, the tests will be administered January 10, 1959, February 14 and March 14. A test is given in May which is usually for the benefit of Juniors wanting to gain valuable practice at taking tests.

CHRISTMAS PLAY
December 20, a chosen cast of characters will present "A Christmas Carol" by Charles Dickens. We, the students of Galesburg High School, will be the audience and the cast.

Approximately 150 Seniors of Galesburg High school took the Illinois State Scholarship test given November 22. The competitive examination was a specially constructed scholastic aptitude test which measured the superior capacity of the student to profit from college work.

Resident of Illinois

To have been eligible, the applicant had to be a resident of Illinois, a graduate by September 1959, in the upper half of his high school class, and of good moral character.

The scholarship will be given to academically superior students in need of scholarship assistance to help pay college tuition. Honorary awards will be made for those who do not need financial aid. The scholarship may be used for undergraduate study at any accredited college or university in Illinois. It is renewable annually under Commission regulations. It will cover tuition and other necessary fees to a maximum of \$600 for the academic year 1959-60.

Last year, which was the first year, the Illinois State Scholarship Commission granted 1,502 monetary scholarships, to students for attending 68 accredited colleges and universities in Illinois, 658 honorary scholarships were awarded.

17 Winners Last Year

Last year there were 17 winners from GHS and it is hoped that there will be that many or more this year.

The sophomore, junior, and senior intramural squads have recently been chosen and will soon start the winter tournament.

For those who are unable to take the December exams, the tests will be administered January 10, 1959, February 14 and March 14. A test is given in May which is usually for the benefit of Juniors wanting to gain valuable practice at taking tests.

CHRISTMAS PLAY
December 20, a chosen cast of characters will present "A Christmas Carol" by Charles Dickens. We, the students of Galesburg High School, will be the audience and the cast.

Girls Service League will sponsor the play, with the speech department heading it. Parts are open for anyone who wants to try out. You won't get a part unless you get out there and pitch in. Good Luck!

Editorial

IN RESPONSE

A few weeks ago, this writer had the privilege of expressing his views over a local radio station. One of these views, however, needs more clarification. This view specifically is, of course, concerned with the problem of athletics vs. academics.

Actually, this problem should not be stated in a manner to imply that these two compatible items are opposing forces. Both athletics and academics certainly have a place in today's high school. However, the question is whether or not these two phases of education are maintaining their proper balance in regards to each other.

If academics are being held in higher stead than athletics, the following results would be evident: (1) An overabundance of scientists and mathematicians, (2) A nationwide respect of professors, teachers, scientists and other intellectuals, and (3) An entire uplift in the entire cultural outlook of the people of the U. S.

Now, on the other hand, if athletics were over-emphasized we would be able to detect these symptoms: (1) Larger turnouts at athletic functions than at more cultural events, (2) Greater desire to be an athletic star than an honor student, and thus (3) A nation wide shortage and lack of acknowledgment of scientists and teachers.

After applying these symptoms to present day affairs, we can assume that the balance of education has been jolted to the point that athletics are being stressed at the expense of academic pursuits.

To rectify this situation we must first examine the factors that have caused the unbalancing of the system. It would be unfair to place the blame on either students or educators. These groups of people are simply the victims of a trend which has developed in this land of plenty toward a sort of luxurious complacency.

In other words, the people of the United States have nonchalantly accepted the blessing of freedom without making an attempt to safeguard it by making technological advances. Instead, we have become fun-seekers, always hunting for the easy way out. The trouble with this is that if we are to keep pace with Russia and other countries in technology we must discover that there is no easy way out.

Thus, getting back to the original problem, we can see that the only way to regain the proper balance in the system is to change the thinking of the American people. This is no easy job but it is essential if we are to maintain our worldly supremacy.

NOTES FROM THE LIBRARIAN'S DESK

There have been a lot of new and interesting things added to our library lately that will help you in your school work.

For any of you who particularly like geography there is a new Rand-McNally atlas in full color. For an aid in current affairs for history classes, our library now subscribes to United States News and World Report, an outstanding magazine.

With the holidays coming up, some of us may want to do some extra reading. All of the new books have been catalogued and are on the shelves to be checked out. Some of the seniors who are interested in colleges may find one of the new books most helpful. It is a National Directory of Schools and Vocations. In it one can find information on vocations all the way from Accountants to YMCA Directors. It lists schools in every state, the degrees offered and the number of years of education required for each. It would be a most worthwhile book for any senior interested in a career of college next year.

Mr. Flickenger reports that a lot of students have not taken advantage of the traveling science library we have. Perhaps if we were to note the purpose of this program, it would help us. Its purpose is to (1) develop an interest on the part of high school students in reading other books on science and mathematics and about scientists; (2) to make available to students a larger fund of factual information; (3) to develop a more informed perspective and thus to facilitate and stimulate the choice of a career in science and mathematics; (4) to afford science and mathematics teachers an opportunity to broaden and deepen their own scientific background; (5) to demonstrate appropriate acquisitions for school and community libraries. Now perhaps some of us will find this information valuable and use these books more often. Some of these books that contain valuable information on such subjects as the evolution of physics, the sea, soil conservation, engineering and others.

Here is a list of 10 new books in our library which you might read in each of your classes.

"David Copperfield" by Charles Dickens.
"Les Miserables" by Victor Hugo.
"The Nun's Story" by Kathryn C. Hulme.
"Witchcraft of Salem Village" by Shirley Jackson.

"Abraham Lincoln's World" by Genevieve Foster.

"Famous Paintings" by Alice E. Chase.

"Operation Sea Lion" by Peter Fleming.

"Pride and Prejudice" by Jane Austen.

"Tess of the D'Urbervilles" by Thomas Hardy.

"History of Henry Esmond" by William Thackeray.

Perfect People

By Lucia Trevino

Once there was a someone,
Who was a lot of fun,
Whose eyes were as water,
His hair as pure as sun.
Once there was a someone,
Who laughed and smiled a lot,
Who never had a quarrel,
Who lived with love in heart.
Once there was a someone,
A joy to everyone,
Her eyes as bright as diamonds
Her lips as true as sun.
Once there was a someone,
A friend to all concerned,
And in her heart a true love
For everyone did burn.
These are perfect people,
Not like you and me.
But we could try to mold ourselves
To be people such as these.

Thanksgiving

Thanksgiving! It's here again! No more school for a few days and no more homework for a few nights—a vacation from school and a holiday filled with good food and fun!

But wait a minute! Let us stop and think why we are having this vacation from school. Why are we celebrating Thanksgiving? Does it just mean turkey, cranberries and pumpkin pie? Or is there something more behind it?

The first American Thanksgiving Day was celebrated during the second winter the Plymouth colonists spent in the New World. This small group of English people set up Plymouth Colony on the shore of Cape Cod Bay in Massachusetts. One of their leaders, William Bradford, spoke of himself and his followers as "pilgrims and strangers upon the earth."

The first dreadful winter in Massachusetts had killed nearly half of the members of the colony, but through the summer and early autumn the Pilgrims were busy and happy in their new homeland. They planted and cared for their first field of corn. They had found wild strawberries in the meadows, raspberries on the hillsides and wild grapes in the woods.

In the forest, just back of the village, wild turkeys and deer were easily shot. In the shallow waters of the bay, there were plenty of fish, clams and lobsters.

Since the summer had been warm with a good deal of rain as well as sunshine, when autumn came there was a fine crop of corn.

As was their custom, the Pilgrims gathered together in their meeting house to discuss the bountiful harvest. The colonists, wishing to show their gratitude for their food and freedom in a new land, decided to set aside a day for feasting and prayer.

The women of the colony spent many days preparing for the feast. Foods were boiled and baked and roasted. The children were kept busy turning roasts on spits, or rods, in front of open fires. The Indians brought wild turkeys and venison as their share. The tables were set outdoors, and all the people sat around them like one large family. Prayers, sermons, and songs of praise were important in the celebration. Three days were spent in feasting and prayer. Then the Indians returned to the forest and the colonists to their tasks.

The harvest season has been celebrated for many centuries in many lands. In ancient Thrace, great fairs and festivals were held to proclaim the harvesting of abundant crops. In Greek myths, the loss of Demeter's daughter foretold the coming of autumn.

Among the ancient Hebrews, autumn was the season of the Feast of Booths, a festival of Thanksgiving for the fruits of the tree and vine. The season of Thanksgiving lasted eight days. During this festival, people lived in little huts or booths and celebrated the return of the rains to the ancient eastern lands after six months of drought.

Long ago in Slavic countries, such as Poland, a spray of wheat or rye was placed on a young girl's head. This was kept and mixed with the new seed for planting.

In Russia, the last sheaf of wheat was put on a stick, then dressed like a woman called Baba and carried to a farmhouse. Everyone sang and danced.

In Bulgaria, the last sheaf was made into a doll and then thrown into a stream or river to insure plenty of rain. In Austria, great harvest processions took place, with a harvest queen riding in a small carriage drawn by young men.

In the United States, Thanksgiving is usually a family day celebrated with big dinners and joyous reunions. Many persons travel hundreds of miles to spend the day with their parents. The very mention of Thanksgiving often calls up memories of old farmhouse kitchens and pantries crowded with good things to eat. Thanksgiving is also a time for serious religious thinking, church services and personal prayer.

So we see, that Thanksgiving is more than a holiday or a vacation from school. It is a time for praising God for our many wonderful blessings. Let us all this Thanksgiving Day truly rejoice and give thanks for our many freedoms and privileges!

HOW TO IMPROVE YOUR MIND

It has been proved that reading the funny papers helps to improve our minds.

If you are a criminal, you should follow the adventures of "Dick Robinson." His adventures help you to improve your pick-pocket technique.

Bored? Then read "Little Orphan Susie Botruff." This is the story of a lonely little girl who finds many thrills along life's path with her dog, Candy.

If you enjoy a good mystery, be sure to read "Jon Malstrom, the Menace." The stories of Jon will make you forget your own simple everyday problems and worries. Instead you fret about poor Jon.

When you really want to relax, read "Judge Shotts." The Judge is a quiet man and leads a very dull, unexciting life. His big words, though, will widen your vocabulary.

Are you interested in space travel? "The Adventures of Eleanor Sandberg" is just the thing for you. Her wild trips to the Moon and Mars may be an aid in your scientific knowledge.

To help you along in history is "Sir Ronald Schoning." As he travels around on his fine white steed, you will learn more about this world we live in.

From the "Long Tom Williams and Tonto" we find the stories of the old west. These stories are about the honest settlers of the west that are helped by Long Tom and Tonto in finding happiness.

Want a good laugh? Read "Mary Ann Eck." This little girl can find trouble just by drinking apple cider.

Are you sports minded? Learn all about sports from "Rough Melvin Johnson." His exciting games will keep your attention until the very end.

"Quiet Joyce Glass," is the story of a typical teen-ager. This article helps many grown-ups to have a better understanding of teen-agers.

There are many articles which may help you. I have just named a few examples. Not many people read the funny pages. They mostly read the front page, which can not help you at all. So, if you want to improve your mind, read the funnies.

Fun, Anyone?

Bathing a dog is probably one of the hardest and most unwanted jobs that I know of, especially with a dog like mine. The first thing to do is obtain dog soap, towels, a raincoat for yourself, and prepare the water. Then you must catch the dog. Ten minutes is usually allotted for this. You man need more time if you aren't a very fast runner.

Always try to corner the dog near the tub of water so you won't have far to drag the animal, or as much time to change your mind. Somehow a dog can look at a person and make him feel like a heel.

After submerging the dog give him plenty of time to satisfy his thirst, because unless he drinks at least half of the water and licks the soap a few times, he will be kicked out of the Dogs' Union.

Obtain a good grasp on the animal, take the soap in hand and begin scrubbing. You may meet with home resistance at this point, but don't give in to the dog. After scrubbing and rinsing, it's time to dry the dog off. This is where the raincoat comes in handy.

Take the dog from the water and wrap a large towel around him, otherwise you may need the towel for yourself.

After getting the majority of the water off, turn the dog loose in a nice clean, dry place. You then clean up the mess, sit down in an easy chair and call the dog to you. As he comes in covered with mud, throw up your hands and forget the whole thing.

Life Is Worth Living

By Kathy Sults

I am no philosopher and I certainly couldn't write a thesis on the simple joys and the actual worth of life; yet I have the unalterable idea that life is worth living.

Have you ever seen the first robin in the spring, the early shoots of grass, the blue of the sky on a cloudless day, or the first snowfall gently covering the earth? Of course you have!

Have you ever stopped to think that some of the things you take for granted could be taken away in the space of a few minutes? Yes, we all think about these things occasionally, and if we are in a particularly thinking mood, we realize how many things we have that other people lack.

Where we have a home, a family, a bed to sleep in, and plenty to eat, someone in the world is not so lucky. Where we can go to school or college or enter the vocation of our choice, someone in the world is restricted, dictated to, and allowed no freedom at all. Where we can worship as we please, someone can't. Where we can enjoy every freedom our country offers, someone else has no choice in either religion or politics.

As I said, I'm no philosopher and perhaps you don't see these things as I do, but I value my life and my freedom highly. I enjoy popular music, sports, and fun; yet I enjoy solitude occasionally.

It is difficult to explain why life is worth living; why the joys and sorrows, laughter and tears are all a part of the drama. I can't explain why little insignificant moments are just as important as big events. All I can say is life is fascinating and beautiful and terribly worth living for me.

Thanksgiving Time

When evening skies are blending blue
With red and gold in every hue
Reflected from the leafy spread
Where once a golden harvest grew—

That is Thanksgiving.

When earth, once green, turns brown instead,
And trees are bare where trails are tread,
And woods, in salwart stateliness,
Rise up to weather winter's dread—

That is Thanksgiving.

When all about is happiness,
So much that life and love possess,
As loved ones gather festive, gay,
And joyous in their thankfulness—

That is Thanksgiving.

When happy hearts look up to say
In gratitude for God's good way,
"We thank Thee for our land, and pray,
Long wave our Flag,"—then is the day
That is Thanksgiving.

The mental patient walked up to the new superintendent and said, "We like you better than the last superintendent."

The new official beamed. "Why?" he asked.
"Oh, you seem more like one of us."

The boss told his secretary that he didn't want any more callers that day. "If they say their business is important, tell them that's what they all say."

That afternoon his wife called and insisted on seeing him. "I am his wife," she exclaimed.
"That's what they all say," replied the secretary.

June forecast: "Plenty of showers, followed by brides."

There was a young man named Paul
Who went to a fancy dress ball
He thought he would risk it
And go as a biscuit
But a dog ate him up in the hall.

That's all! Have a happy Thanksgiving, everyone!

Hi, students and sophomores!

This is your ol' tail-waggin' buddy back again. Boy, am I tired! I'll be glad when Thanksgiving comes. I've been working real hard to find these funnies for you. I hope you like them.

THIELMEN OPEN TONIGHT

Play At Macomb; Matmen Seek Good Season Sportsmanship Topic Of Council's Letter

The Galesburg Silver Streaks will open their basketball season Wednesday night by traveling to Macomb to face the Bombers. This traditional Thanksgiving eve contest opens the basketball season, which will continue until the last of February.

Four Macomb Regulars Return

The Bombers promise to be good opposition, sending four of the men they started against Galesburg last year—Dick Hillyer, Bob Fox, Roger Steward and Gary Sullivan. This squad is also reported to have better than average height.

Make Trip

The boys on the varsity team for Galesburg that will make the trip to Macomb include: Lawrence Nixon, Lincoln Nixon, Dave Cox, Roger Fox, Dick Nichols, Ted Sedgwick, Jim Carr, Otis Cowan, Ralph Cannon, Ted Olson, Ed Havens and Jesse Perez. Coach John Thiel says that our squad will show skillful ball handling and good speed in the opening game. The team will probably start with a man-to-man defense. The probable starting lineup slates Carr and Cowan at guard positions, Cox and Nichols as forwards, and Lawrence Nixon as center.

Home Saturday

The Silver Streaks will return home Saturday night to play Washington, who will also have four returning lettermen on this year's squad. A week from Saturday Galesburg will face the ever-dangerous Moline Maroons, also at Steele Gym.

JV's Play First

Because the Pony squad has just started practice, the JV team will play Macomb JV's before the eight o'clock game. Good luck, Streaks!

There are now only fifteen weeks till the state basketball tournament.

The sophomore team has now been announced, and it is practicing under the very capable direction of Don Houser.

Junior Varsity Initiates Year With 72-56 Loss

Scoring balance told the story Tuesday night as the Davenport JV's dropped the GHS Junior Varsity 72-56 at Davenport in the season's opener for both teams. The Streaks had three strong individual scorers in Ralph Cannon, Ted Olson and Roger Fox but the Davenporters had excellent scoring balance as three men scored in double figures and nine other Blue Devils broke into the scoring column.

The teams were deadlocked 13-13 at the end of the first quarter, but the Streaks went into the second half on the short end of a 36-34 score and could never head the Davenporters. The Galesburg JV's held the boys from Davenport until the fourth quarter when the Blue Devils picked up 19 points to the Junior Streaks 6.

Cannon Tops Scorers

Leading scorer on both teams was Galesburg's Ralph Cannon. Cannon, an outstanding junior forward, caged five field goals and ten free throws for 20 points and did an outstanding job under the boards. Roger Fox checked in with 13, and Ted Olson turned in a fine floor game along with 17 points. Top man for Davenport was Nickle with 16 markers, closely followed by Geurich and Goettach, each with 13.

Next Game

The next JV game will be the preliminary game preceding the home opening of the 1958-59 edition of the Galesburg Silver Streaks.

The wrestling team under the capable coaching of Mr. Mullen is headed toward a fine year. To be successful in this rough sport takes a lot of practice to develop the necessary skills.

Good Spirit and Experience

The team has good spirit and great interest in the sport. An outstanding turnout of 36 wrestlers this fall indicated this. The outcome of the meets for the year should be very good considering the material at hand. Leading the matmen is returning letterman Mike Reatherford who traveled to the state tournament last year. He weighs in at about 147 pounds and does a very fine job in guiding the novices. Other fine wrestlers back from last year doing an outstanding job in early practices are LaVerne Landon, Mike Leighton and Jim Johnson. Behind this solid front are the other returning boys as well as many newcomers. A good number of sophomore boys have shown a great deal of promise.

Fans Should Attend Meets

With such a fine team to perform, there should be many fans showing up for the meets. All home meets take place in Steele gym at 7:00 p. m. Here are the dates and opponents for the first part of the season: Dec. 11, Kewanee here; Dec. 13 at Geneseo; Dec. 20 at Pekin; Jan. 8, Canton here; Jan. 13, East Peoria here; Jan. 24 at Kewanee; and Jan. 31 is the Illini conference meet at Canton.

The boys on the squad besides the four lettermen listed above are Tim Alter, Jack Anderson, Bill Cannon, Kenneth Carlson, Mike Carlson, Jack DeWeese, Charlie Duncan, Fred Durbin, Don Gillette, Hank Gutierrez, Steve Godsil, Robert Hallberg, Bobby Hamilton, Ronny Harvey, Bruce Haugh, Chris Hill, Fred Jahr, Richard Landon, Dale Larson, Jeff Luker, Jon Malmstrom, Bob Mills, Larry Murdock, Byron Nelson, Paul Nelson, Mac Plummer, Sanford Searl, Bob St. George, John Swanson, Mike Tate, Ronny Vancil, and Gary Wiele.

To the Athletic Fans of Galesburg:

The loyal and enthusiastic support of local athletic teams by the sports fans of our area has long been a credit to the Galesburg community. However, in some instances in recent years students and faculty of the local schools have been concerned with a noticeable deterioration of our usual sportsmanship among both student and adult fans.

At the present time we are near the opening of another basketball season. This indoor sport is one which puts the spotlight upon sportsmanship as no other sport does.

With the purpose of preparing our fans, both student and adult, for the 1958-59 season, a representative committee of students at the local schools: Lombard Junior High School, Churchill Junior High School, Corpus Christi High School and Galesburg Senior High School, have prepared this open letter to the student and adult sport fans of the Galesburg area.

The conduct of athletic fans at any game or contest at home or away, reflects either credit or discredit upon the school and community. We, the representatives of the student bodies of the Galesburg schools, respectfully ask all our fans to keep the following points in mind when attending our athletic events:

1. Remember that sportsmanship is conduct becoming to a sportsman involving honest rivalry and graceful acceptance of the outcome of a contest.
2. Consider all athletic opponents as guests, and treat them with the courtesy due friends and guests.
3. Accept and respect all decisions of officials.
4. Refrain from uttering abusive or irritating remarks from the stands.
5. Never boo or hiss an official or player.
6. Seek to win only by fair and legal means according to the rules of the game.
7. Give credit to opponents when they make good plays.
8. Remain until the game is over whether your team is winning or losing.
9. Win without boasting and lose without excuses.
10. Do unto others as we would have them do unto us.

Spectators should bear in mind that officials are qualified by the High School Association of the State of Illinois. Officials working any contest are agreed upon and accepted in advance by the schools competing. Referees officiating are asked to report to the High School Association any unsportsmanlike conduct of players, coaches, or fans which they may encounter. Displeasure with an official should, therefore, be directed to the school's athletic directors and not to an official on the floor.

We believe that observance of these suggestions will add to everyone's enjoyment of our games and rebound to the credit of our schools and community. Furthermore, we believe that our team's chances of success will be enhanced by adherence to these principles. Good sportsmanship makes for good athletics, good schools, good communities, and a strong nation. May we count upon your support?

The Student Councils of
Galesburg's High Schools

Athletes Earn Letters

The following Galesburg athletes have been awarded letters in fall sports: Cross country (Coach Bob Hungerford): Friesen, Kelley, Leighton, Reno, Shane, Stribling, Van Dell.

Varsity football (Coach C. C. Van Dyke): Arnold Ator, Connors, Connour, Cox, Durbin, Finch, Fleming, Foster, Goodman, Jahr, Kimbrough, Landon, Mills, Murdock, Ol-

son, Perez, Pico, Reathaford, Sandidge, Sandburg Sutton, Stewart, Tate and Ulm.

Sophomore football (Coach Don Houser): Anderson, Barash, Boynton, Bruington, L. Carlson, M. Carlson, DeWeese, Dunham, Gehring, Gilson, Gutierrez, Hallberg, Jasper-son, Lundeen, Mason, Ponce, Prather, Sheehan.

Manager awards were given to Steve Gaffney and John Price.

Receives Award

Don Friesen (second from left) is pictured receiving the Gerald D. Phillips trophy which is given each year to the athlete with the highest scholastic average. Shown in the picture (from left to right) are Mr. Broadhead, Friesen, Dave Cox, "G" Club president, and Mr. Bednar.

Sophs Out To Defend Illini Crown

Hoping to equal the outstanding record compiled by last year's crew, the 1958-59 edition of the GHS Ponies launch their campaign December 6, at 7 p. m. on the Steele gym floor. The Moline Sophs will furnish the competition for the Ponies in their contest.

Houser's Record Remarkable

Coach Houser in his last two years at GHS has won one Illini crown in soph football, one in sophomore basketball, and in his first year as baseball coach two years ago won the now-extinct Northwest Conference title. This year he will try to direct the Ponies to their second consecutive Illini Conference championship in basketball.

To See Action

Several performers are fighting for first team berths for this year's "five." Numbered among these are forwards Phil Ulm, Larry Hendricks, and Mike Feldman; center Bob Coe, and guards; Lindell Goodman, Gary Brington, Dave Dunham, and Pete Boynton.

Other Members

Rounding out the crew are several adept players. Included among these are: Tony Barash, Ron Burquin, Gil Burton, Riley Crawford, Les Jaspersen, Bruce Douglas, Fred Lundeen, Dick McGee, Bob Ponce, Bob Prather, and Cap Youngren.

Coach Foresees Good Year

When Coach Houser was interviewed last week, he stated that he is very impressed with the showing of the team thus far, and looks forward to another great season at the helm of the Ponies.

Friesen Wins Phillips Award

Each year the GHS Varsity "G" Club sponsors the presentation of the Gerald D. Phillips Scholastic and Athletic Trophy. The recipient of the coveted trophy for the 1958-59 year is senior Donald Friesen. Don, an "A" student and a high ranker in the senior class, has earned three varsity "G's" and one sophomore letter. As a sprinter, he has received a varsity and a sophomore letter in track and is a double-letterman in cross country.

The award, dedicated to the memory of Gerald D. Phillips, long time coach and athletic director at Galesburg High, is given to the eligible boy who has compiled the highest scholastic record during his freshman, sophomore and junior years. To be eligible, the candidate must earn a varsity letter by the end of his junior year. The winner

will be chosen at the end of his junior year and will be announced in the fall of the following school year.

The trophy, which was established in 1954, is presented in the annual award assembly at the conclusion of the year. Past winners are: Bill Graning—55 and 56, Bruce Rowe—56 and 57, and Ted Bruington—57 and 58.

Carl Erskine, Los Angeles Dodgers pitcher, was a guest speaker last Thursday at the Galesburg YMCA.

Scoop's SCOREBOARD

IT'S TIME TO GO . . . Tonight's the night that all GHS basketball followers have been waiting for. The Silver Streaks will take the road to Macomb tonight for the initial contest of what should be an exciting 1958-59 hardwood campaign. The Streaks will be under the reins of Coach John Thiel, whose fabulous record in his three-year tenure at GHS speaks for itself.

The probable starting line-up will include Dave Cox and Dick Nichols at the forward posts, "Bumpy" Nixon at the center slot, and Otis Cowan and Jim Carr operating from the guard posts. This writer has attended several practice sessions of late and has been impressed by the over-all balance of this year's quintet. With Cox, Nixon, and Nichols hauling down rebounds with regularity, and racking up points with unerring accuracy, the Silver and the Gold should have no trouble up front. In the back court, Carr and Cowan have shown considerable ability on back court shooting, ball handling, and all-around floor play. This year's crew is a very adept defensive unit along with their prowess on offense.

Last year, my predecessor Mike Wald made predictions on the up-and-coming games throughout the year. The author of this column would like to try his hand at it this season. Macomb has four regulars back from last year's crew, which means that they might be better than most Galesburg fans have predicted. However, in recent years, the Streaks have had a little too much for the Macomb "five" to contend with. I pick the Streaks by 15 points.

November 29, next Saturday, the Thielmen return to the friendly confines of Steele Gym to face Washington. Washington seems to be every bit as good as the Bombers, with four returning regulars back. However, the Streaks will have that first game under their belt. The one regular that the Washington crew lost was Mel Romani, and this big loss should help the Streaks win by about 20 markers.

WRESTLERS . . . During the winter months most of the attention seems to be focused on basketball. The matmen put in a lot of time during the year in preparation for their big meets throughout the year. They deserve your support. A story about this year's wrestling squad appears on page 6 of this issue, and next week's column will furnish you with some information on the wrestling picture.

STATISTICS . . . We mentioned last issue that we would have the GHS football statistics for you, so here they are:

Name—	Attempts	Yards	Ave.
Cox	100	666	6.66
Mills	71	354	5.0
Arnold	37	323	8.7
Kimbrough	31	216	7.0
Stewart	50	75	1.5
Sandburg	2	19	9.5
Pico	4	18	4.5
Henderson	2	8	4.0
Goodman	1	3	3.0

Other statistics which I thought you might be interested in are as follows: Ted Olson punted 20 times for an average of 35.5 yards per boot. Olson also snagged 15 passes good for 204 yards and 4 touchdowns. Jesse Perez ranked second in the pass receiving department with 7 receptions good for 103 yards. Phil Stewart attempted to pass 71 times and hit his receiver 37 times. His total yardage passing added up to 434, and he threw 4 passes good for touchdowns.
